JOIN

Join the Challenge of Tokyo!

Tokyo is competing with over 100 cities across the globe to find and record the most wildlife across Tokyo between **26th and 29th April 2019**. All are welcome to join to a fun competition to know the amazing nature we have here in the capital.

Easy to join!

Just taking photos of wild plants and animals around your surroundings and upload your photos through "iNaturalist" app. AI of the app suggests you list of candidate species on your smart phone and then give you feedback.

Message from organizer

HIROMI KOBORI

TOKYO CITY UNIVERSITY
BIODIVERSITY ACADEMY

iNaturalist is one of the most popular app. of species biodiversity and its members are one million in the world.

Through this project, participants will have an opportunity to discover the diversity of urban flora and fauna. Additionally, participants can share the information with all participants and contribute to global biological diversity database (GBIF) and science.

Let's register the project referring to the following schedules

Date	Event
Before 4/26	Register CNC2019-Tokyo
4/26 ~ 4/29	Implement Event
4/30 ~ 5/5	Identified by Experts
5/6	Announcement of Result
